

Guide to Configuration String Changes for Products

EFFECTIVE AUGUST 20, 2018

NOTE: New configuration strings and current pricing will be available on the new Tolomatic Dealer Portal at portal.tol.com. Old configuration strings will remain on the ModelBuilder at www.tolomatic.com and in the electric sizing software until the changes can be integrated into each of these platforms. Please use this guide to assist your customers with converting to new configurations for the products below.
