

LIFE SCIENCES LINEAR ACTUATORS

LIFE SCIENCES LINEAR ACTUATORS

Tolo Quality = Total Quality

- State-of-the-Art inspection equipment
- Tolomatic is ISO 9001:2015 certified
- Strong quality culture & processes
- Future certification: ISO 13485

COMPANY WITH
QUALITY SYSTEM
CERTIFIED BY DNV
= ISO 9001 =

Broad Catalog & Capability

- Electric rod-style & rodless actuators
- Pneumatic rodless actuators
- Standard products: stroke & option configurable
- Modified and customized products available

Industry best lead times

- Multiple production shifts
- In-house machining & plating

Fast delivery • Built-to-Order

Known for our Customer Service

Helpful, professional and friendly.

State-of-the-Art Manufacturing Facility

- 100,000 sq. ft. (9 290 sq m)
- Minnesota, USA
- Design, Manufacturing, & Assembly
- Since 1954

Flexible Catalog Product Lines

• Many sizes

• Flexible options:
 ◦ Rod ends,
 ◦ Actuator mounting,
 ◦ Sensors,
 ◦ Seals,
 ◦ Your Motor Here, etc.

• Stroke configurable

• Multiple different screw and belt driven offerings

Collaborative Engineering

• Flexibility to co-design

• On-line sizing software

• 3-D CAD drawings on-line

V.A.

• Value added services (subassembly) to simplify BOM's for OEM's/ machine builders

Tailored Solutions

MOD

• Modified standard products

• Custom 'Blank sheet of paper' design

DECADES OF TOLOMATIC LIFE SCIENCES

CATHETER COATING
Challenge: Apply uniform coating to a variety of length and diameter catheters
Product Used: Custom Electric Rodless Screw-Drive Actuator

PROCEDURE EQUIPMENT
Challenge: Regulate contrast injector flow precisely to ensure successful procedures.
Product Used: Custom Electric Rod-Style Screw-Drive Actuator

BLOW/FILL/SEAL MACHINERY
Challenge: Precision aseptic liquid dispensing combined with blow mold technology.
Product Used: Custom Electric Rod-Style Screw-Drive Actuator

ULTRASONIC WELDING GANTRY SYSTEM
Challenge: Applying ultrasonic welds to large medical waste bags
Product Used: B3W Rodless Belt-Drive Actuator and IMA Integrated Servo Rod-Style Actuators

AND MEDICAL APPLICATIONS

Life Science
Success Stories

PHARMACEUTICAL MANUFACTURING

Challenge: Operation of door/gate to separate vials prior to sealing.

Product Used: IMAS Integrated Servo Electric Linear Rod-Style Actuators

FLUID INJECTION

Challenge: Fluid injection machine required very precise, consistent movement (speed & thrust) to meter injection of fluid.

Product Used: RSA12 Electric Rod-Style Screw-Drive Actuator

PPE (MASK) MANUFACTURING

Challenge: Create a new generation mask-making machine based on the automated workcell concept to improve efficiency, quality and throughput.

Product Used: B3W Rodless Actuators & GSA Guided Rod-Style Actuators

PILL SORTER

Challenge: Automatic pill sorting gantry for large retailers.

Product Used: MXB-P Heavy-Duty Linear Rodless Actuator

DESIGN COLLABORATION CAPABILITIES

Engineers trust Tolomatic from design to production

Your challenge . . .

Our broad array of products fix problems every day in the medical field. But if existing actuators don't exactly meet your unique challenge our engineering staff can design an actuator that does.

Let's solve it together

Our greatest successes happen when we engage closely with customer's engineers refining or creating entirely new actuators. Refining product requirements per customer needs is in our DNA at Tolomatic..

START DESIGNING YOUR SOLUTION

We offer 3 different levels of design options to find the right fit for your new medical product.

Work directly with our engineering team to see options and evaluate pro's and con's.

Level 1 Designs; Standard

- Standard product and standard options
- On-line Sizing Software
- "Your Motor Here" flexibility
- 3-D on-line CAD files available

Can't find what you need for this design...?

Level 2 Designs; Modified

- Modifying standard products or non-catalog options
- Engineering discussions with Tolomatic
- Factory provided quotes & pricing
- Lab testing on actuator performance (component only)
- Factory provided drawings

✓ Engineering Collaboration

STILL can't find what you need for this design...?

Level 3 Designs; Customized

- Custom designs (white sheet of paper)
- Design engineering and development costs may apply
- Only done for larger volumes
- Factory acceptance testing of actuator

✓ Flexible Designs

The Tolomatic Difference Expect More From the Industry Leader:

INNOVATIVE PRODUCTS

Solutions with Endurance TechnologySM for challenging applications.

FAST DELIVERY

Built-to-order with configurable stroke lengths and flexible mounting options.

ACTUATOR SIZING

Size and select electric actuators with our online software.

YOUR MOTOR HERE[®]

Match your motor to compatible mounting plates with Tolomatic actuators.

CAD LIBRARY

Download 2D or 3D CAD files for Tolomatic products.

TECHNICAL SUPPORT

Get a question answered or request a virtual design consultation with one of our engineers.
